RUN THE WATER

When you want to make your escape into fresh air, warm sunshine, and miles of open water, the best way to make every moment count is on a Yamaha. Yamaha boats offer a versatile and reliable experience that’s unmatched on the water. That’s because our boats are the product of countless innovations, backed by over 60 years of marine heritage and a reputation for reliability. With new offerings in our center console series, a new, luxurious series of 25-foot boats, cutting edge wakesurf technology, and expanded access to DRIVE®, the industry-first dual paddle control system, the 2021 lineup gives you more freedom to do what you love to do with the people you love to spend your time with.
Yamaha’s renowned internal jet propulsion system is not only more reliable and fuel-efficient, it opens up your access to the water. Internal propulsion eliminates the need for bulky engine hatches, allowing our boats to offer the signature Yamaha swim platform. With no exposed lower propeller, Yamaha owners can enjoy-worry free access to shallow spots others can’t reach.

THE YAMAHA ADVANTAGE

Yamaha® vs. Competition
Yamaha Marine Engines are revered around the world for their dependability, power, and fuel efficiency. The compact, lightweight design of our clean-burning 4-stroke engines produces unmatched power-to-weight ratios that require minimal maintenance and produce ultra-low emissions so you can enjoy good, clean fun all season long.
WE STAND BEHIND EVERY BOAT WITH THE YAMAHA NAME ON IT

• Limited Lifetime Structural Warranty for Original Purchaser*
  • 10 Year Limited Transferable Structural Warranty
  • 3 Year Limited Component Warranty

*Complete details in written Limited Warranty.
Yamaha goes the extra mile to guarantee that boating is an incredible experience for our customers. From a design philosophy that minimizes maintenance requirements to value-added features integrated into all of our boats, you won't need to spend endless time selecting upgrades and options. And with our Limited Lifetime Structural Warranty, you can be confident your boating experience will be worry-free for years to come.
PURE FREEDOM INSIDE & OUT

Yamaha boats are designed to maximize open space for uninterrupted movement throughout the boat. No matter the platform, every feature-rich Yamaha boat maximizes comfort so you can enjoy a full day on the water.

The Perfect Welcome to the Water
